In addition to these formal presentation, Aspen Hill Films also has background footage and interviews associated with the conferences, plus stories from solar personalities. Many of these are listed after the formal presentation list below.

Aspen Hill Films also has short 5-minute solar energy promotional videos:

Job Creation is an advertisement for Solar 2007, highlighting efforts in Ohio.

Voices in the Light provides inspirational thinking about the renewable energy revolution.

EuroSun 2008 highlights the content and spirit of EuroSun 2008
